

East End Thistle  
Committee Meeting  
Monday 17<sup>th</sup> May 2010

Also Present at Meeting – John Campbell

John was present at meeting to raise points regarding his recent disciplinary matters. He raised the following points:  
Evidence – both parties not taken into account  
Investigation – John feels decision was made too quickly  
Reports – nothing received in the mail from the League.  
Wanting to return to coaching  
John made his points and was asked to leave so the committee could continue meeting and discuss points made.

A request for vote was made for John to continue coaching until the end of the season – this was passed by the committee.

A second vote was taken on the matter of John coaching after the summer break – this was voted against – main reason for this was his disciplinary record and taking into account his ban from the league not allowing him to coach until January 2011.

It was raised that the committee has to put procedures into the constitution of the club to lay out clear and proper procedures for any disciplinary matters that are raised.  
The club will consult the SYFA and League on this addition to the constitution.
